White, a former Preachersville resident, who resided at Sonoita, Arizona for several years, is back home for a short stay accompanied by Guy Perry, of Patagonia, Arizona, who is champion rider and roper of Arizona, having recently won the title at Nogales, to mention. He also was high up with the riders at the great Cheyenne carnival. They brought with them a few western horses which are of building and variety, two of them "kyrocket" and "dynamite" being vicious outlaws. The owners make a large cash offer to any man who can catch any of the horses, no matter how wild they may be. They will give a free exhibition of some real wild west riding at Crab Orchard tomorrow, Saturday afternoon, and are endeavoring to arrange with the K. P. fair at Stanford to show some fancy riding and roping stunts during the fair here. Both Mr. White and Mr. Perry who have the lived on the border for many years, say that President Wilson has handled the difficult Mexican situation as well as it possibly could have been done by anyone.

IT'S FOOLISH TO SUFFER

When So Many Stanford People Are Pointing the Way Out.

You may be brave enough to stand backache or headache or dizziness. But, if, in addition urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of a dangerous disease before you know it, but, if you give more careful help and help your kidneys with Doan's Kidney Pills, you can stop and avoid future danger as well. Don't experiment—use the remedy Stanford people are publicly endorsing. Read this: John H. Wren Main St., Stanford, says: "I know from experience that Doan's Kidney Pills are all that is claimed for them. Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. I also had a too frequent desire to void the kidney secretions both day and night. Doan's Kidney Pills relieved me and have never failed to benefit me since then, when I have taken them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wren had. Foster-McBurg Co., Props., Buffalo, N. Y.

CHAUTAUQUA AT HUSTONVILLE

Much Interest Being Aroused In Big Event Next Week.

"A long pull, a hard pull and all pull together" seems to have been the motto selected by the people of the Hustonville section when they began to work up interest in the Chautauqua, which begins at Hustonville August 11 and continues four days, for every man, woman and child in that end of the good county of Lincoln is boosting to the utmost a delightful series of entertainments they have in store. And well they may do so, as they have not, nor will they again soon have a more delightful treat. Stanford had her first Chautauqua in June, and the L. J. predicts that not another year will pass without its Chautauqua week. And there is a reason. The entertainers sent out by the bureau are high-class people and they edify as well as entertain all who hear and see them. There is something pleasing about the recollection of each of the numbers given and something that makes one want more of the same sort.

The Hustonville folks have an unusually good program and that many from the surrounding towns will go and help them enjoy it, is certain. Quite a number of Stanford people have bought season tickets and others will do so before Chautauqua begins.

The first day, Friday, August 11, has been named "Homecoming Day" and every ex-Hustonville in these diggings is expected to be on hand and get his good share of the good things the Chautauqua affords, as well as enjoy the hospitality of the Hustonville people.

Hustonville is but another name for hospitality and the people there will exert themselves more than ever before to maintain the enviable record the has had for the past half hundred years. The great day will give a free exhibition of some real wild west riding at Crab Orchard tomorrow, Saturday afternoon, and are endeavoring to arrange with the K. P. fair at Stanford to show some fancy riding and roping stunts during the fair here. Both Mr. White and Mr. Perry who have the lived on the border for many years, say that President Wilson has handled the difficult Mexican situation as well as it possibly could have been done by anyone.

Three programs will be rendered each day of the Chautauqua—one in the morning, at 3 in the afternoon, and in the evening. The program is good, but the week is to be a gala one and the West Enders want to get all the pleasure and delectation possible out of the rare entertainments that are awaiting them.

Go and insist on your friends meeting you there. The L. J. predicts that you will be more than repaid for the time and trouble expended and is willing to back its judgment in the premises.
